

SPECIFICATIONS

SUPRA 750 Mt°

With an unmatched reputation for performance and reliability, SUPRA is a range that has always known how to anticipate and evolve with market and customer needs.

Today, we are associating our world-leading multitemperature technology to make the latest SUPRA range available for your multitemperature applications too.

This multitemperature range brings you all the benefits of new technological developments, as well as unparalleled low levels of noise for operation in noise-sensitive areas.

► **Total flexibility for multi-product deliveries** with a new generation of ultra-slim evaporators that can be adapted to any configuration requirement

► **Exceptional performance characteristics** for enhanced product protection even with frequent door-openings

► **Exceptional reliability** of components field-tested for years with the market-leading SUPRA range

► **Improved service accessibility** that reduces maintenance time and saves costs

► **Greater ease of use** with EasyCOLD® microprocessor control.

■ **Condenser**

Dimensions

1 823 x 856 x 644 mm

Required box opening

90 x 90 mm

Weight

T Model: 414 kg

S Model: 411 kg

X Model: 419 kg

■ **Refrigeration capacity**

- 20 °C / + 30 °C: up to 3600 W

Microprocessor cab command:

- proven reliability
- easy to use
- servicing functions

T model

- HFC R404A refrigerant
- 719 cc Tri-Vortex diesel engine
- 05K2 2-cylinder compressor
- Standby motor
- Remote plug
- Low-noise sound control kit
- Automatic hot gas / electric heating and defrost system
- Manual defrost
- Directly accessible oil gauge
- Moisture indicator
- Two sight glasses to monitor refrigerant level
- Dry air, fuel and oil filters
- 50-amp 12V alternator

220 V generator

Accessory package (electric fuel pump, fuel lines, battery cables)

EasyCOLD® Microprocessor control system

S model

Version without low-noise sound control kit

X model Silent

Ultra-low noise system with an identification and elimination of noise at its source

Accessories

- Battery
- Battery box
- Fuel tank 90 or 200 l
- Automatic phase reverser 400/3/50Hz
- Control panel & cable extension
- Door switch
- Fuel heater

Total flexibility in multi-product deliveries with the new configurations of the SUPRA 750 Mt° available with its ultra-slim evaporators range. Other configurations are available upon request.
